

200L 3 Point Linkage Sprayer with 15L/min Pump - 60Psi - 30m Manual Rewind Hose Reel

£1,602.00

Reference: PRT113

Product description:

200L 3 Point Linkage Sprayer with 15L/min Pump - 60Psi - 30m Manual Rewind Hose Reel By simply mounting to your tractor's three-point hitch means you have no trailer to pull or skid to haul around. This is also an advantage where the weight of a larger trailer could cause problems to the ground area, for example on a golf course. The 200L 3 Point Linkage Sprayer has a corrosion resistant blow moulded one piece polyethylene tank fitted to a powder coated steel frame. Popular uses include For mounting on a UTV, S x S (side by side), RTV or pick-up Access to difficult areas and terrain Around the farm and farm buildings Market gardens Playing fields and estate management Parks and golf courses Low wheel pressure field use Features 12 volt 15L/min 60 Psi pump 30m manual rewind hose reel and lance Pressure regulator and gauge 4.5 m Power Wiring c/w battery clamps/12 volt socket adaptor 5 m of electrical cable with on/off switch and battery clips/12 volt socket adaptor 1 year guarantee Optional extras Optional 1.5m,2m , 3m and 4m booms available 2m, 3m, 4m, 7m Boomless Nozzle Kits also available The sprayer can be supplied with a Mounting Kit Please use the drop-down arrow to choose extras you required Specifications Dimensions: 1100 x 1100 x 735mm Weight: 280 kg Please select the accessories tab above to select a boom if required ✓ Safe with herbicides ✓ Safe with fungicides ✓ Safe with pesticides Disclaimer: Images used within this website are for illustrative purposes only and may not always accurately reflect the product selected.
