

48" Arena Maintenance Attachment - SCH AM48

£552.93

Reference: SCHAM48

Product description:

To use this system you must first by either the 48" Carrier Frame - Towed or the 48" Carrier Frame - Mounted. Available by clicking "Accessories" above. DELIVERY TIME ON THIS PRODUCT IS APPROX 4 WEEKS This attachment has been designed to rejuvenate and level most types of surfaces. The unit consists of one row of spring tines, which tease through the surface which break up the top surface pan. The following level bars level the surface. The bars are so designed that the wheel marks from the integral height adjusting wheels are removed. Working Width: 1220mm (48")
